

## ELECTRICAL FIELD SUPERVISOR MSHA Certified Electrician

Frontier-Kemper Constructors, Inc., an ENR Top 400 Contractor and a leader in the underground mining construction industry has an immediate opening for an experienced MSHA certified electrician to supervise field operations. Based in Evansville, Indiana, FKCI develops projects nationwide.

Responsibilities include supervising the installation and start-up of electrical equipment at mine development projects throughout the country, working with site electricians and acting as a liaison between the Electrical Services Department and field projects.

The successful candidate will have a minimum of 5 years experience with DC & AC drive systems, PLC work and supervisory experience; MUST hold MSHA certificates for surface and underground work; high, medium and low voltage. Extensive travel required. Selected candidate may be based out of either the corporate office or a home office.

Frontier-Kemper offers a competitive salary; employer paid health plan, life/STD/ LTD, matching 401(k) program, and paid holidays, professional development, etc. Send resume as a WORD file, in confidence, to:
