FIELD SAFETY COORDINATOR

Immediate full-time opportunity for two Field Safety Coordinators. The Coordinator will serve as a technical resource, responsible for performing in-depth analysis, developing interventions to reduce job losses, provide training & education to employees, perform job site visits & audits, monitor compliance, and track & verify corrective actions are completed in a timely manner. Position reports to Corporate Safety Director. Up to 75% travel required.

Candidates should have a BS in Safety Engineering / Safety Management OR equivalent applied field experience. Must be well-organized, computer literate, self-motivated and a strong communicator. Must be familiar with MSHA / OSHA standards and 30 CFR or 29 CFR. Knowledge of industrial hygiene and MSHA / OSHA Certified Instructor a plus. Prefer experience in mining or heavy civil construction.

Frontier-Kemper Constructors is widely recognized as a leader in the heavy civil and underground mining construction industries. With more than \$2,000,000,000 in projects successfully completed throughout the Americas, Frontier-Kemper has built a reputation for expertise in the engineering and construction of deep shaft and tunnel projects of all sizes and complexity.

Frontier-Kemper Constructors, Inc. offers excellent wages and benefits including employer-paid health, disability, life and accidental death benefits, 401(k) with employer match & immediate vesting, paid holidays & vacations. Vehicle/vehicle allowance provided. If you are motivated by working under deadlines, and possess a "team player" attitude, send your resume as a Word file to safetyjobs@frontierkemper.com or by mail / fax to:
