About the Speaker

Jessica Elzea Kogel has more than 20-years of experience in the mining industry. She currently leads the geology and mining group for IMERYS's North American kaolin operations and is responsible for exploration, mineral resource development, mine planning and reclamation. She has authored more than 30 peer reviewed papers, book chapters and field guides and holds four US patents. Kogel is past president of the Clay Minerals Society and served as the 2013 President of the Society for Mining, Metallurgy and Exploration. Jessica earned M.S. and Ph.D. degrees in geology from Indiana University after completing bachelor's degrees in Earth Science and Paleontology at UC Berkeley. She is a certified professional geologist.
