MONTHLY MEETING -- Tuesday, November 13, 2007.

**Speaker: Dr. David Shin, Chief Economist & Director of Statistics,
American Gas Association**

Topic: “Implications of an Evolving Natural Gas Market”

Abstract: This presentation will focus upon the near-term issues of an energy market, which tends to be supplied and constrained at periods of peak demand. Among the relevant topics to be discussed include: price volatility, future natural-gas supply sources, and policy decisions related to the role of natural gas as a tool for carbon reduction.
